

Date	Comments
October 8th, 2025	Arranged on the group chat to meet in library rooms to discuss iteration 2 the next day, Zach couldn't make it, but we had him on a WhatsApp call.
October 9th, 2025	Met in L-3010A to discuss and assign tasks for more than 1 hour.
October 10th-17th, 2025	Continuous discussions on group about meet ups and completions of assigned workloads.
October 15th, 2025	Updated iteration 2 plan as per the Professor's advice.
Between oct 10th-17th	We updated each other when we upload into the respo and asked each other for assistance whenever we needed, and constantly reviewed each other's work.
October 20th, 2025	We discussed in the group chat about reorganizing our GitHub respo for more clarity and organization.
October 21st, 2025	We met up in the library room to see where everyone is at on their tasks, and finalized some more things, members communicated when they couldn't make deadlines because of midterms or personal matters. We reviewed class diagram and sequence

	diagrams, and discussed minor release implementation. We brought each other up to speed on the progression of the tasks.
October 29th, 2025	We met again in the library room, we had most of the code done, and discussed putting them together well.
October 31st,2025	We met for the last time before the due time in the library rooms to straighten out some errors and discuss iteration 3 plans.
